### ***REASONS FOR ALLOWANCE***

1. The amendment filed 7/11/2005 has been entered. Claims 7-8 have been cancelled. Claims 1-6, 9-45 are pending in this Office action.

#### ***Allowable Subject Matter***

2. Claims 1-6, 9-45 are allowed.

3. The following is an examiner's statement of reasons for allowance: Park and Carh fail to disclose wherein the signal distortion detector detects the signal distortion by forming deviations according to the following expressions:

$$d_{i,j} - E_{d_{i,j}}$$

wherein each  $d_{i,j}$  is a difference between a pair of correlation measurements  $i$  and  $j$ , wherein  $E_{d_{i,j}}$  is an expected value of the difference  $d_{i,j}$ , and wherein the signal distortion detector compares each of the deviations to a corresponding threshold in order to detect existence of the signal distortions; wherein the signal distortion detector performs averaging in order to reduce effects of thermal and multipath noise; correlating the transmitted signal with a first reference in order to determine a first correlation measurement at a first point along a correlation curve; correlating the transmitted signal with a second reference in order to determine a second correlation measurement at a second point along the correlation curve; correlating the transmitted signal with a third reference in order to determine a third correlation measurement at a third point along the determining a correlation curve; first difference from the first and second correlation measurements; determining a second difference from the second and third correlation

measurements; directly comparing the first difference to a first threshold; directly comparing the second difference to a second threshold; and, detecting a signal distortion in the satellite based upon the comparisons of the first and second differences to the first and second thresholds.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
